Subject: Portland Harbor RI Section 10

Bob and Jim – EPA was unable to complete its revisions to Section 10 of the RI last week, as anticipated. We are working diligently to get you our modifications to this section by the end of this week. Since the review schedule for Section 5 has been extended, this should still give you ample time to review the modifications and determine if additional time is necessary to resolve Section 5 issues before the current end date. Let me know if you have any issues with this schedule revision.
